CONTRACTOR FINANCING TO GROW YOUR BUSINESS

Manage Your Cash Flow Smarter and Earn Higher Profits

With Ox Credit, you can finance materials purchases and manage your cash flow smarter to increase revenues and profits and grow your business.

We provide to qualified contractors:

- ✓ *Credit enhancement to secure better vendor terms and financing;*
- ✓ *Working capital for smoother cash flow management and higher profitability;*
- ✓ *Project accounting to ensure full payment and easier project closings; and;*
- ✓ *Access to an experienced staff of construction industry professionals.*

At the Ox you are measured by your experience and character, not your financial profile. To us, you are much more than a credit score. You can maximize your profit and increase the predictability of your cash flow by using our financing services. As part of our program, you can enhance your credit to receive preferable financing terms from your suppliers – often reserved for their largest customers. You can also access cash for working capital during projects to smooth cash flow, relieve the stress of long payment cycles, and improve profitability. Our project accounting service will allow you to better manage your project funds and eliminate the hassle of closing out the job. We have worked with hundreds of contractors, all with unique needs, and have successfully assisted them in growing their businesses.
